## MAJORITIES REDUCED

Claim of the Republicans Not Carried Out.

STILL THEY ARE VICTORIOUS.

McKinley Has Secured Enough Electoral Votes to Elect Him President.

SOME OF THE STATES IN DOUBT.

Those That the Republicans Claim That They Are Sure of Are: California, Connecticut, Delaware, Illinois, Indiana, Iowa, Maine, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, New York, New Jersey, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Vermont, West Virginia and Wisconsin, Making a Total Electoral Vote of 263—Latest From the Different States.

CHICAGO, Nov. 4.—The returns from the entire country, although incomplete in some states, are of a nature to insure the election of McKinley. A sufficient number of states has declared for the Republican party to make certain 263 votes in the electoral college for its leader. The states whose votes are sure for him are as follows:

California, 9; Connecticut, 6; Delaware, 3; Illinois, 24; Indiana, 15; Iowa, 13; Maine, 6; Maryland, 5; Massachusetts, 15; Michigan, 14; Minnesota, 9; New Hampshire, 4; New Jersey, 10; New York, 36; North Dakota, 3; Ohio, 23; Oregon, 3; Pennsylvania, 32; Rhode Island, 4; South Dakota, 4; Vermont, 4; West Virginia, 6, and Wisconsin 12. Total, 263.

The returns show some interesting features and in some respects have been a surprise to the leaders of both political parties. The New England states have, as was expected, given heavy pluralities for McKinley, without exception. The Republican ticket was successful in Massachusetts beyond what was claimed for it by the most enthusiastic prophet of Republican success.

New York and Pennsylvania vied with each other for the largest plurality and the figures at hand do not indicate which one of them has surpassed the other. Each state has given the Republican candidate between 250,000 and 280,000. To these states Illinois is a good third in its plurality for the winning candidate. If the percentage of gain over the presidential election of 1892 that has so far been shown continues to the end it will give a plurality of not far from 175,000.

In the gubernatorial race Altgeld has been badly defeated, but is not buried so deep and is probably about 60,000 ahead of the Democratic national ticket. There has been evidently a large vote cast throughout the state for McKinley and Altgeld.

In Indiana, if any of the rules for estimating the vote of a state, which prevails to the present election held good, are still to be relied upon, there is no justification for the Democratic claims of having carried the state. If the ratio of Republican gain continues to the end of the count McKinley will have approximately 20,000 plurality in the state.

In Iowa, as far as can be seen from the returns at present, the Republican plurality has been very large—not far either way from 75,000.

Ohio, which has all along been claimed by Chairman Jones as a state in which Bryan would push McKinley very close, has given the Republican candidate an overwhelming plurality.

In Michigan the election has resulted in a very heavy reduced vote for the Republican ticket. The free silver papers of Detroit concede the state to McKinley by 25,000. The last previous vote in the state was in 1895 when Moore, the Republican candidate for justice of the supreme court, had a plurality of 71,487 over McGrath, his Democratic rival.

West Virginia is confidently claimed by the Republicans, and the chairman of the Democratic state central committee has conceded the state to McKinley.

Tennessee presents some of the interesting features of the campaign. Patterson, the gold Democratic candidate for congress in the city of Memphis, is running neck and neck with his opponent, and the official count will be necessary to decide between them. The

state at large is claimed by both parties, and because of the length of the ticket the returns are coming in so slow that neither side feel justified in claiming the electoral vote with any confidence.

North Carolina is claimed by both parties, but as in Tennessee the returns are very slow, and no definite conclusion is possible at present.

South Carolina, Georgia, Mississippi, Alabama and Louisiana are all for Bryan, by about the normal Democratic majorities.

The Virginia electors will without question be for Bryan, but they will be elected by a reduced vote.

The Republicans have abandoned all hope of Texas and the state is conceded to Bryan. The fusion between the Populists and the Republicans in this state did not prove a success.

Nebraska has gone for Bryan notwithstanding the Republican claims, but Kansas has as yet said practically nothing. The returns show Democratic gains in some districts, and these are offset by Republican gains in other parts of the state. Both parties claim the state, but the few scattering returns that are in so far as of so indefinite a character as to make any claims no matter by whom made, of a very uncertain character.

Wisconsin is sure for the Republican column by an enormous plurality.

Minnesota, which was regarded as doubtful by both parties, has surprised everybody by the size of its Republican plurality and McKinley will have approximately 30,000 to 40,000 more votes in the state than Bryan. Governor Clough, whose election was considered doubtful, is certainly elected.

The latest information from the two Dakotas shows that North Dakota is very sure for McKinley and the probability that South Dakota will be found in the same column, although the result is close.

The Republicans claim Wyoming and Washington, but the probabilities seem against them in both states. Oregon has gone for McKinley and Colorado as expected, has given Bryan a heavy plurality and Adams has without a doubt been elected governor. The interest in the election in the state centered in the state tickets of which there were several representing in a great variety of interests.

Idaho, Montana, Utah and Nevada have all gone for Bryan by heavy majorities.

California has, on the strength of the returns at hand, undoubtedly gone for McKinley, the city of San Francisco giving him a plurality of 6,947. One half of the outside precincts show a Democratic gain of 41 votes, showing that the Democratic reliance upon the heavy support of the rural districts was not entirely warranted.

Delaware, where the Republican party has been rent in twain because of the Addicks-Higgins fight, has kept in the Republican column. The vote for the Republican electors has been unusually large, showing that the factional dispute did not extend in any great measure to the national ticket.

The vote of Maryland has shown an interesting reversal from that of the last presidential election. Cleveland carried the state by a plurality of 21,130 and this year McKinley has a plurality of slightly over 21,000 in the city of Baltimore alone.

### OHIO.

McKinley's Plurality Now Estimated at From Fifty to Sixty Thousand.

COLUMBUS, O., Nov. 5.—More complete returns reduce the Republican plurality claimed about one-third. The returns from the rural districts are increasing the Democratic vote so that McKinley's plurality is now estimated at from 50,000 to 60,000. The largest Republican plurality ever given a president in Ohio was 34,000 for Garfield in 1880. Republicans still claim this will be doubled.

The Democratic state committee claim they will make gains over the vote of the last three years, when the Republicans had pluralities of 80,000 in 1893, of 137,000 in 1894 and of 92,000 in 1895. The Democrats claim from four to five of the 21 congressmen and the Republicans concede three congressmen to them.

When the Republicans carried Ohio by 137,000 two years ago the Democrats elected only two congressmen. The Democrats now claim the election of George W. Marshall, David Meekison, James A. Norton and James McDowell in the Fourth, Fifth, Thirteenth and Seventeenth districts, and that the result in the Third and Twelfth districts are in doubt.

The Republicans claim the election to congress of W. B. Shattuc, J. H. Brown, R. M. Nevin, Seth W. Brown, W. L. Weaver, Archibald Lybrand, J. H. Southard, L. J. Fenton, C. H. Groves, D. K. Watson, W. S. Kerr, H. C. VanVorhis, Lorenzo Dauford, K. W.

Taylor, S. A. Northway, C. H. Beach and T. E. Burton.

### INDIANA.

Both Parties Claim the State and Await the Official Count.

INDIANAPOLIS, Nov. 5.—Chairman Martin of the Democratic state committee claims that it will require the official count to determine the result in Indiana. He has received returns from 81 of the 92 counties, showing a plurality for McKinley of 8,317. These did not include Marion county, which would increase McKinley's plurality to about 13,000.

Chairman Martin, however, charges that in some counties of the state the Democratic and Populist votes were not aggregated which, if true, would decrease McKinley's apparent plurality and for that reason he will await the official count, refusing in the meantime to concede the state. The 81 counties heard from showed a Democratic loss over 1892 of 15,442. In some of the counties still to be heard from the Democrats expect considerable losses.

As the Populist vote in the state amounts to 30,000, practically all of which the Democrats claim, a future aggregation of the vote would offset a plurality for McKinley of many thousand. It would be some time before it can be determined whether the vote has been aggregated, and pending such knowledge the state will be in doubt.

Chairman Gowdy claims the state for McKinley by at least 25,000.

It is safe to say that McKinley's plurality in Indiana will not be less than 15,000 nor more than 25,000. The Republican state ticket is also elected by a safe majority.

### KENTUCKY.

The State in Doubt With a Chance of Victory For the Democrats.

LOUISVILLE, Nov. 5.—The situation in Kentucky is materially changed by the receipt of late and complete returns from out in the state, which indicate that the result is in doubt with a chance of victory in favor of the Democrats. At the Republican headquarters it is still claimed that the state has gone for McKinley, and Chairman Roberts' latest estimate was a majority of 2,000. The state is being claimed by the Republicans, but no estimate is given. The Democrats refuse to give out any figures, but say the state has gone in their favor by a safe majority. They charge that reports have been delayed purposely and that the late returns show beyond all doubt that the state has gone for Bryan.

Latest returns from Owen and Henry counties in the Seventh district shows Bryan majorities of 2,250 and 398 respectively, which easily overcomes Erekinridge's lead and elects Settle, Democrat, to congress by about 1,500.

### CALIFORNIA.

It Is Believed That McKinley Has Carried the State by 5,000.

SAN FRANCISCO, Nov. 5.—Complete returns from 1870 precincts out of 2,377 give McKinley 128,795; Bryan, 121,795. In 1892 the same gave Harrison 106,905; Cleveland, 106,257. This leaves no reasonable doubt that McKinley has carried the state by at least 5,000.

The latest congressional figures make it reasonably certain that the Republicans have elected the following congressmen:

First district, Barham; Third, Hilborn; Fifth, Loud; Sixth, McLachlan; Seventh, Bowers.

The Democrats have elected the two remaining congressmen, Devey in the Second and Maguire in the Fourth.

The legislature also appears to be Republican by nearly two-thirds majority.

From returns at hand it seems certain that the constitutional amendment providing woman suffrage has been defeated by a large majority.

### KANSAS.

The State Can Not Be Counted For McKinley From Present Returns.

TOPEKA, Nov. 5.—Sufficient returns are in to show that Kansas can not be counted for McKinley. The state's hardest fought political battle has resulted in a fusion victory for president, and so close a vote for state candidates that only an official count can determine whether the Republican or fusion candidates for state officers are elected.

Leaders in both parties are now claiming but small majorities, and the majority either way will be within 1,000 votes. The Republicans claim 2,000 and the Populists 4,000. The Bryan electors have carried the state by approximately 4,000 majority.

The state legislature is hopelessly lost to the Republicans and a Populist senator will again likely be sent from Kansas. Besides this, congress will have four if not six Populist congressmen.

### MINNESOTA.

No Doubt About McKinley Having Carried the State.

ST. PAUL, Nov. 5.—Complete returns from 51 of the 81 counties in Minnesota give Clough, Republican for governor, 2,046 less than Lind, fusion candidate. Clough, however, has shown more than anticipated strength in the country, but whatever the result, present indications are very close.

For president there still seems no question that McKinley has from 30,000 to 40,000 majority. Sixty-two counties, with practically complete returns, give a majority of 44,841 for McKinley, but this is likely to be reduced somewhat as

the later returns are received from the county precincts.

The seven congressional districts will be represented by Republicans.

### Tennessee.

NASHVILLE, Nov. 5.—Full returns from 60 out of 96 counties show that Bryan has carried the state by about 20,000; also a Democratic gain in the gubernatorial vote of 3,500.

Many of the counties to be heard from are Republican and Taylor, Democrat, for governor, will have a reduced majority, perhaps not exceeding 5,000, and may run down lower.

Legislature is Democratic and has one negro member. Democrats have seven congressmen sure and may have elected Moon in the Third district, giving them eight. Republicans claim the official count will be required to decide between Taylor and Tillman, candidates for governor.

### Rhode Island.

PROVIDENCE, Nov. 5.—The complete returns of the state unofficially tabulated show McKinley's plurality to be 23,750. The total vote of the state is much larger than in 1892 and the reason for the delay in returns is the fact that this was the first time the Australian ballot was used in a presidential election.

Complete returns give Bryan 13,749; McKinley, 37,499; Levering, 1,165; Palmer, 1,203; Matchett, 565.

The First congressional district for congressman gave Capron (Rep.) 16,826; Garvin (Dem.), 8,001; Jefferson (Socialist Labor), 274; Metcalfe (Pro.), 1,211.

### Michigan.

DETROIT, Nov. 5.—Official returns from 67 of the 84 counties, with the remaining 17 counties closely estimated, gives Pingree, for governor, a plurality of 65,939. McKinley on the same count receives 52,090. In the 17 counties referred to the vote is showing quite remarkable Republican gains.

The results on congressmen are now established facts. The Republicans elect 10 out of 12. The exceptions are the Third district, in which Todd, Democrat, is elected by 400 to 500 plurality, and the Eighth district in which Buckner, Democrat, wins by about 800.

### New York.

NEW YORK, Nov. 5.—A complete compilation of New York state shows that McKinley's plurality is 259,879 and something like 25,000 greater than that of Black for governor. In the congressional delegation the Republicans have gained the seat in the Eighth district, J. Murray Mitchell defeating J. J. Walsh. Thus the Republicans, counting J. J. Belden, who ran as an independent, number 29 to 5 Democrats, against 28 Republicans and 6 Democrats in the Fifty-fourth congress. The Republican majority in both branches of the legislature is increased.

### North Carolina.

RALEIGH, N. C., Nov. 5.—Bryan has undoubtedly carried this state by not less than 10,000. His vote is far in excess of that of Watson for governor, who is defeated by Russell, Republican. The Democrats and Populists have voted solidly for the fusion electors. Congressman Settle of the Fifth district is defeated by Kitcher, Democrat, by 500. The vote in the Eighth district between Linney, Republican, and Doughton, Democrat, is very close and in doubt. The other seven districts are certainly against the Democrats.

### Nebraska.

OMAHA, Nov. 5.—Nebraska has been carried by Bryan and the fusion state ticket with majorities ranging from 5,000 to 6,000. This is conceded by Republicans.

Holcomb, fusion nominee for governor, will run from 800 to 1,500 lower than Bryan.

The defections in the Republican congressional districts will defeat four out of six Republican candidates for congress. The fusionists will control both houses of the state legislature.

### North Dakota.

BISMARCK, N. D., Nov. 5.—McKinley has carried this state by at least 5,000, and the entire Republican state ticket is elected by about the same majority. Johnson, Republican, is re-elected to congress. Returns on the legislative contest are slow in arriving, but indications are that the Republicans will have a large majority on joint ballot, which will insure the election of a Republican to succeed Hansbrough in the United States senate.

### West Virginia.

WHEELING, Nov. 5.—Incomplete returns continue to show Republican gains and there is no reason to change previous figures of 15,000 plurality. All four Republican candidates for congress are undoubtedly elected by increased majorities. Atkinson (Rep.) for governor and the entire Republican state ticket is elected, and both branches of the legislature are Republican. The gold Democrats generally voted the Republican ticket.

### Delaware.

WILMINGTON, Del., Nov. 5.—McKinley's estimated plurality in Delaware is 2,600; Tunnell, Democrat for governor, has 2,800 plurality, and Handy, Democrat for congress, about the same. The legislature is in doubt. J. Edward Addicks carried Kent county, but both parties claim the Sussex legislative ticket. If Addicks has Sussex he will control the legislature and be elected to the United States senate.

### South Dakota.

YANKTON, S. D., Nov. 5.—Thirty-six counties have reported complete returns. The indications are that Mc-

Kinley's majority will be less than 1,000, and it may require an official count to determine the result. This also applies to the congressional and state tickets. The legislature has a Populist majority of 12 and will elect a free silver United States senator.

### Texas.

DALLAS, Nov. 4.—About half the counties in the state have been heard from officially and approximately Bryan and Sewall's plurality is placed at 100,000. Culberson and the state ticket will beat Kirby and the Populist state ticket by 75,000. Chairman Black claims that 12 out of the 13 congressional districts have gone Democratic, the Tenth being the only doubtful one.

### Iowa.

DES MOINES, Nov. 5.—Iowa will give McKinley a plurality of at least 65,000. Complete returns are in from 74 out of the 99 counties. They show a net gain of 356 to the county. The state ticket is elected by overwhelming majorities. The total delegation of congressmen, numbering 11, are all Republicans. Of the 74 counties heard from the silver forces carried but 14.

### Nevada.

CARSON CITY, Nev., Nov. 5.—Returns from Nevada will not be complete for 10 days, owing to the few railroads and telegraph lines. Newlands, Silver, is certainly elected congressman, and according to best estimate 30 out of the 45 members of the legislature will be Democratic. There is no reason about the doubt, but Bryan has carried the state.

### Missouri.

ST. LOUIS, Nov. 5.—Secretary Thomas B. Love of the Democratic state central committee said: "Bryan's majority in Missouri will be 60,000. The entire Democratic state ticket is elected by an average plurality of 40,000. We have elected 12 out of 15 congressmen and both houses of the legislature by good majorities."

### Wisconsin.

MILWAUKEE, Nov. 5.—Returns from nearly all the counties show an increased majority for the Republican presidential ticket in Wisconsin. The indications now are that the present plurality for the Republican presidential ticket of 95,935 will be increased by the returns yet to come in.

### Connecticut.

NEW HAVEN, Nov. 5.—Returns from Connecticut give McKinley 110,279; Bryan, 56,840; Palmer, 4,277; Levering, 1,638; scattering, 829. The senate is solidly Republican, and 211 out of the 238 representatives being Republican. Orville H. Platt will be re-elected United States senator.

### Illinois.

CHICAGO, Nov. 5.—The complete unofficial returns give McKinley a plurality in Cook county of 67,536, outside of Cook county 71,180 making his total plurality in the state 138,718. Tanner's plurality over Altgeld is estimated at 112,845.

### Pennsylvania.

PHILADELPHIA, Nov. 5.—Complete returns from all but a few of the 67 counties in Pennsylvania give McKinley a plurality of 295,550. It is not believed that the official count will show much variation from these figures.

### Montana.

GREAT FALLS, Mont., Nov. 5.—Returns in the state are very slow coming in. Reports in the different counties received so far would indicate that out of a total vote of nearly 45,000, Bryan's majority will be about 15,000.

### Oregon.

PORTLAND, Ore., Nov. 5.—Nearly complete returns from all but six small counties in Oregon give McKinley 34,954; Bryan, 31,709. McKinley's majority 3,242. Complete returns will not materially change results.

### Washington.

SEATTLE, Wash., Nov. 5.—From 366 precincts out of 1,000 in the state give McKinley 17,704; Bryan, 23,461. This is about one-half of the vote of the state. Returns are coming in slowly.

### Maryland.

BALTIMORE, Nov. 5.—Maryland complete, unofficial, gives McKinley 32,391 plurality. In 1892 Cleveland's plurality was 21,130, showing a Republican gain of 53,421.

### Virginia.

RICHMOND, Nov. 5.—From the full returns of the vote of the state it appears that the Democrats have nearly 20,000 plurality in Virginia on the electoral ticket.

### Alabama.

BIRMINGHAM, Ala., Nov. 5.—The Democrats claim the state for Bryan by 35,000 to 40,000 plurality, without giving any figures.

### Maine.

PORTLAND, Me., Nov. 5.—McKinley has swept Maine by 48,000.

After the prospective tenant had told all that she expected to get in a \$30 flat the agent sadly shook his head.

"Even if we were permitted to sublet the earth," he said, "we wouldn't dare let one tenant have it all."—Chicago Post.

The silverites made a net gain of ten in their number of Congressmen.

The Cincinnati Times-Star wants the bankers to "stop hoarding gold." May be they will, and perhaps they won't.

The Ledger editor needn't give himself any worry about Brother Marsh. The editor of the BULLETIN is generally able to take care of himself. He prefers to associate with Popocrats rather than with a good many other kinds of "crats."

The joke is on the Prohibitionists. Since the election it has developed that they voted for a dead man for Elector. Judge R. S. Friend, of Prestonburg, whom they selected as their representative on the ticket from the Tenth (Ky.) district, died more than one year ago.

"The attempt to bring religious prejudices into the late Congressional race was as mean as it was uncalled for," very truthfully remarks the Carlisle Mercury. "Both candidates are Protestants, and Mr. Pugh had no higher claims upon Catholics than Mr. Thomas, and the attempt of Mr. E. L. Fitzgerald to stir up strife at Cynthiana was met by one of the most honorable Catholic citizens in that county. In this county the meanness died on the hands of its perpetrators, and they must have felt awfully ashamed of themselves."

The following tribute was paid to the late Hon. George W. Hounck, of Dayton, O., on the day set apart for eulogies, July 14th, 1894, by Mr. Bryan:

I shall not believe that even now his light is extinguished. If the Father designs to touch with divine power the cold and pulseless heart of the buried acorn and make it to burst forth from its prison wall, will he leave neglected in the earth the soul of man, who was made in the image of his Creator? If he stoops to give to the rosebush, whose withered blossoms float upon the breeze, the sweet assurance of another spring time, will he withhold the words of hope from the sons of men when the frosts of winter come? If matter, mute and inanimate, though changed by the forces of nature into a multitude of forms, can never die, will the imperial spirit of man suffer annihilation after it has paid a brief visit, like a royal guest, to this tenement of clay?

Rather let us believe that he who, in his apparent prodigality, wastes not the rain drop, the blade of grass, or the evening's sighing zephyr, but makes them all to carry out his eternal plans, has given immortality to the mortal and gathered to Himself the generous spirit of our friend.

### A Point For Farmers.

Weed seed in manure is one great objection to its use. We are asked how to destroy such seed. We know of no way except to compost the manure so that its heat will kill the seeds. If this is done, cover the pile with loam or dry muck, to absorb the ammonia (nitrogen) that might otherwise escape. To prevent weed seed in manure, cut hay, clover, etc., early, before the weeds have gone to seed. Mowings badly infested with sorrel or other early weeds should be cut extra early and plowed, fertilized and seeded to millet or to fodder corn. The amount of weed seed carried into the barn in late cut hay often causes much loss and work by being spread over the farm in the manure; clean cutting and early mowing would avoid this.

But how my heart has made a choice,  
I'm only sweet sixteen to one."

There is no joy in this world equal to the happiness of motherhood. A woman's health is her dearest possession. Good looks, good times, happiness, love and its continuance, depends on her health. Almost all of the sickness of women is traceable directly or indirectly to some derangement of the organs distinctly feminine. Troubles of this kind are often neglected because a very natural and proper modesty keeps women away from physicians, whose insistence upon examination and local treatment is generally as useless as it is common. Dr. Pierce's Favorite Prescription will do more for them than 99 doctors in 10. It will do more than the hundredth doctor can unless he prescribes it. It is a prescription of Dr. R. V. ### HIS FOOT

#### Pressed the Spade and Drove It Through His Victim's Neck—Horrible Murder.

LEXINGTON, Ky., November 2.—The Garrick farm, ten miles from Lexington, on the Newtown road, was the scene of a horrible murder to-night. Henry Jenkins and Avery Reeves, colored laborers on the farm, quarreled over a revolver. Jenkins picked up a spade and knocked Reeves to the ground.

Reeves made an effort to get up, but before he could rise Jenkins planted the spade on Reeves' neck and with his foot sent the spade through the neck with such force that it almost severed the head from the body. Jenkins, after wiping the life blood of his victim from the spade, hurried away through the woods.

Witnesses claim that the murder was unprovoked, that Reeves had loaned the revolver to Jenkins, and approached him with a simple request that he return it.

### Farewell to Breckinridge.

[Owen News, October 22.]

So fare thee well, Colonel. The sky in Owen with its blue blue and her flowing brooks with their wet warbling watahs; her majestic hills and rolling rills, will never again be as blue blue, or her watahs warble so sweetly, nor her majestic hills look so majestic to you as in days gone by. You have lost the purest Democracy on the face of the earth. You have lost your truest friends. Fare thee well, until again you hear from Owen, which will be on the morning of November 4th and you will find 3,600 Democratic ballots laid gently on your bier.

### Hurra! Let's Have More of This.

Cincinnati Times-Star: "The Wm. Powell Brass works of this city start to-day with 375 men on full time. This had been promised in case of the favorable settlement of the question of honest money and the promise is fulfilled. Heretofore but 275 to 300 men were employed at these works and only a short time. This is a great big straw showing how business is to begin duty from November 3, 1896."

### County Court.

An inventory of the trust estate of W. H. Osborne was filed. The exemptions amounted to about \$1,200.

Geo. W. Walker was appointed overseer of roads in place of Milton Bramel, deceased.

B. F. Smith was appointed overseer of the Metcalf Mill road, in place of Eli Umstadt resigned.

## Sour

Stomach, sometimes called waterbrash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."

"For over 12 years I suffered from sour

with severe pain across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine."

### THE NEW GAS METER.

The Penny in the Slot Machine is Filling a Public Want.

The penny in the slot gas meters have not yet reached New York, but they have spread within the last three or four years throughout London, and have found their way into every large city in England, says an exchange. The reports of meetings of gas companies and of corporations owning gas works that are published there from day to day show that the demand for them continues almost unabated. During the last year alone one London gas company has sent out more than 30,000 of these meters. A few months ago the demand was so very great, and the metermakers so little able to meet it, that the company had to discontinue supplies for awhile. Another London company, the South Metropolitan, has sent out during the last four years no less than 50,000 of this class of meters, says the New York Journal.

In Manchester the penny in the slot meters are being sent out at the rate of from 800 to 1,000 a month, and in Liverpool, Birmingham and other northern cities the demand is equally great.

These machines, which are really a boon to small householders and a corresponding trial to small dealers in wood and coal and burning oil, are now being made proof against human guile. The gas companies, through long experience, have become wary, indeed. In the new meters French pennies will no longer work the oracle. The penny which used to be attached to a string and withdrawn when value had been received is now irrecoverable. The sticky penny, which used to keep the gas "on," can not effect a fraudulent lodgment, and among the English slot patrons now there is nothing for it but dull, prosaic rectitude until their ingenuity can devise some fresh devices for "beating the machine."

### In Search of Information.

"Henry," said his wife, "are these political platforms made of wood, or anything of that kind?"

"What makes you ask such a foolish question as that?" said Henry.

"It isn't foolish. I've heard you myself speak of the planks in them!"

"Of course, but—why, it's too ridiculous to talk about. Why don't you know—"

"Besides," she interrupted, beginning to cry, "I heard you—say—say only this—this morning that one of the candidates was—was going to—to take the stump!"—Chicago Tribune.

### Winchester Merchants to Adopt the Cash System.

Winchester Democrat: "A number of our leading business houses have adopted the cash system and others will follow with the beginning of the new year. The merchants say it is no longer profitable to sell goods at the very close margins at which they are being sold, and then be compelled to wait six or twelve months for their money. The cash plan has been in successful operation by several of our merchants the past year, and there is no reason why it should not be endorsed and adopted by all."

WILLIAM HENRY BALLARD and Miss Anna Swart were granted marriage license yesterday. November 8th is the date set for their wedding, which will occur at Murphysville.

### THE KENTUCKY LEGISLATURE.

An Extra Session To Be Called Soon After Senator Blackburn's Seat in Congress.

A special from Frankfort says there is little doubt that Gov. Bradley will call an extra session of the Legislature within the next few days, and that a successor to Senator Blackburn will be elected.

The call will say that there were not enough Republican votes last winter to pass a needed revenue bill.

It is said that St. John Boyle of Louisville will claim to be the Republican nominee for Senator, but it is contended that a new caucus must be held and another nomination made. Boyle does not deny this right, but he claims to be the nominee until this is done.

Gov. Bradley, John W. Yerkes, St. John Boyle, Judge W. H. Holt and W. Godfrey Hunter are spoken of, and friends of some of them are already at work.

The wreck delayed the incoming passenger train that evening, and it did not arrive until after 11 o'clock.

AN OLD MAN KILLED. Greenup County To the Front With Another Mysterious Murder—Robbery the Motive.

[P. rismouth Tribune.] Greenup County was the scene Sunday night of a foul murder that has caused almost as much excitement in a part of the county as the famous Perry murder case did two years ago. Jordan Harris, one of the oldest citizens of the county, a man aged over eighty-five years, had spent Sunday with friends back of Quincy. He was to have been home early in the evening and when he failed to arrive Charles Harris, one of his sons, started in search of him. The old man lived near Brushart and in going home had to pass what is known as "Nigger Hill," six miles from Quincy and which was at one time known as the toughest place in Northeastern Kentucky, being the home of Arch Horner, an old fellow who did an illicit business in liquors and always had a hard crowd about his establishment. Of late the place has gained a more savory reputation but many hard characters live near the "hill." When young Harris was within a half mile of Arch Horner's house he saw a horse standing by the side of the road and near it lay some dark object. On a near approach he was horrified to find that it was the body of his father, apparently dead. Help was summoned and the body carried to Arch Horner's house. Here it was discovered that life was still in the body and a doctor was sent for. He found but one wound on Harris and that was at the forehead just above the eyes. The blow had fractured the skull and death from it was almost certain. Harris was taken to the home of his sons who lived not far from the "hill." Harris always carried quite a sum of money with him but nothing was found on his body and his pockets had evidently been rifled. There is no doubt that he was murdered for his money and the deed was probably done by some men with whom he had trouble before. Excitement runs high and if the guilty parties are caught it will go hard with them. Harris was one of the best known men in Greenup County, having been a resident of the county all his life. He leaves a large family of sons and daughters, all grown. SEE what bargains D. Hunt & Son advertise for to-morrow's cash sale. WINFIELD BUCKLER won the race for Police Judge at Carlisle, defeating Harry Kennedy by a majority of fifty-one. MRS. EUBANKS, of East Second street, who has been seriously ill for some time past, was at the point of death this morning. HON. LOUIS F. WALTHER, a brother of Mr. Charles Walther of this city, was reelected Probate Judge of Brown County, Ohio, by a handsome majority this week. THE protracted meeting at Forman Chapel closed with six additions. The meeting was conducted by the pastor, Rev. Cyrus Riffe, assisted by Rev. W. H. Calvert, of Sardis. PRATHER BROS., of Shannon postoffice, put in a telephone Monday last. The people were anxious to get the election returns. Shannon had been cut off from telephonic communication about three years. STEPHEN TERHUNE stabbed and killed Britton Dillon, at Sherburne, Fleming County. Terhune objected to Dillon paying attention to his daughter, and warned him to keep away from her. The warning was unheeded, and the killing took place. Both are farmers. Terhune is under arrest. AUCTIONEER HAWKINS reports the following sales for J. J. and C. F. Owens, executors of John N. Owens, near Lewisburg on October 22nd: 2 year old steers, \$68; 4 two-year-old steers, \$148; 1 cow and calf, \$31.25; 1 old cow, \$16.50; 1 cow, \$20; 1 cow, \$24; 1 cow, \$26; 2 weanling steer calves, \$35.10; 1 weanling heifer calf, \$13.75; 1 two-year-old bull, \$30.25; 1 two-year-old heifer, \$25; 6 short yearling steers, \$144. Horses sold exceeding low. Corn 15 1/2 cents per bushel at the shock. Terms, six months time. Bidding lively and good notes given for all the property.

THE item in the Ledger yesterday about the assault on Mr. Bruce Newman did that gentleman an injustice. Mr. Newman and Mr. Charles Russell were walking down Second street when the former was suddenly struck with a brick bat, receiving a serious wound over one of his eyes. He had not said a word to his assailants, and he was not arrested, as stated in the Ledger. There were three men in the party that assaulted him, and it is thought they were Sam Guy, Bruce Snap and Boone Snap. Guy is charged with throwing the brick. The affair will be investigated in the Police Court.

### CONGRESSIONAL HEADQUARTERS. Republicans and Democrats Both Claim a Majority in the Next House.

WASHINGTON, Nov. 5.—At Republican and Democratic congressional headquarters the chairmen have been figuring on the complexion of the next house.

Chairman Babcock says that he has complete returns from 193 congressional districts, which have elected Republicans. There are 135 districts that have elected Democrats or Populists, and 28 districts in which the returns are incomplete. These may all be classed as doubtful, with the prospect that the Republicans will secure at least one-half of them, which would make a total Republican membership in the Fifty-fifth congress of 207. It is safe to say that under no circumstances will the membership fall below 200.

Senator Faulkner, chairman of the Democratic committee, although he does not concede the Republicans a majority in the next house, gives them 176, within three of a majority.

### BRYAN INTERVIEWED.

Statement Made in Reply to Numerous Telegrams.

LINCOLN, Neb., Nov. 5.—Mr. Bryan last night gave out the following in reply to numerous telegrams from all parts of the country:

"The Democratic national committee claims enough states to give a majority in the electoral college, but the vote is very close in several of the states and the result can not be positively known until the entire vote is counted. In all close contests it is wise for both sides to watch the returns to guard against the possibility of mistake, intentional or unintentional."

Mr. Bryan dictated this statement to a typewriter, but when pressed for something more for the press, declined to yield, saying that he could give no utterance to his opinion as to the result or outline his intentions until the outcome should be definitely known. In conversation with friends he freely discussed the probabilities, referring to the closeness of the vote in several of the states, and comparing notes with them on the chances in Kentucky, Indiana, West Virginia and other states of apparently narrow margins.

He read all bulletins with interest, but in reply to questions said he was not allowing the uncertainty to cause the least degree of worry. He spoke cheerfully to all, but it became evident toward the latter part of the day that he was growing less and less hopeful. He was especially gratified at the result in Nebraska and took occasion to earnestly congratulate the chairmen of the various county and state committees located in Lincoln on their work in this city and throughout the state.

During the afternoon Mr. Bryan attended the funeral of an old friend, and he spent the evening with his callers.

During the afternoon what purported to be telegrams received by Mr. Bryan were read in the hotel lobbies, claiming the entire south, the states west of the Missouri and also Indiana and Minnesota. The announcement of these claims, which Mr. Bryan afterward said he had not authorized, created a wild burst of applause, caused several bets to be offered and ultimately resulted in the origin of an informal procession numbering several hundred, which headed for Mr. Bryan's house. When informed of this demonstration Mr. Bryan quietly

advised that it be suspended until the results should be more definite. Upon this hint the parade was abandoned before the Bryan residence was reached.

### NO LONGER IN POLITICS.

Over Two Thousand Government Employees Added to the Classified Service.

WASHINGTON, Nov. 5.—About 2,100 employees have been added to the classified service by the issuance of an order by the president directing that the rules of the navy department regulating employment of labor at the navy yards shall not be changed without the approval of the civil service commission. The ordinance department is placed in the classified service under civil service rules.

The executive order also classified examiners in the department of justice and exempted from examination attorneys and assistant attorneys now in the department whose main duties are connected with the management of cases in court.

### Had No Confidence.

WAPAKONETA, O., Nov. 5.—B. F. Mertz, a married man at Buckland, O., committed suicide by shooting himself through the heart. He was promoted by the Standard Oil company from a pump to a field boss. He worried lest he could not do justice to the company and finally killed himself. He was well known as an industrious man.

### Pleasant Place to Live.

Soliman I, sultan of Turkey, was styled the Magnificent on account of the splendor of his clothing. On state occasions he is said to have worn \$1,000,000 worth of diamonds.

### THANKSGIVING PROCLAMATION.

Thursday, Nov. 26, Designated as a Day of Thanks by the President.

WASHINGTON, Nov. 5.—The president has issued the following thanksgiving proclamation:

By the President of the United States: The people of the United States should never be unmindful of the gratitude they owe the God of nations for his watchful care which has shielded them from dire disaster and pointed out to them the way of peace and happiness. Nor should they ever refuse to acknowledge with contrite hearts their proneness to turn away from God's teachings and follow with sinful pride after their own devices.

To the end that these thoughts may be quickened, it is fitting that on a day especially appointed, we should join together in approaching the throne of grace with praise and supplication.

Therefore I, Grover Cleveland, president of the United States, do hereby designate and set apart Thursday, the 23rd day of the present month of November to be kept and observed as a day of thanksgiving and praises throughout our land.

On that day let all our people forego their usual work and occupation, and assembled in their accustomed places of worship, let them with one accord render thanks to the ruler of the universe for our preservation as a union and our deliverance from every threatened danger; for the peace that has dwelt within our boundaries; for our defense against disease and pestilence during the year that has passed; for the pious rewards that have followed the labors of our husbandmen; and for all the other blessings that have been vouchsafed to us.

And let us, through the mediation of Him who has taught us how to pray, implore the forgiveness of our sins and a continuation of heavenly favor.

Let us not forget this day of thanksgiving the poor and needy and by deeds of charity let our officers of praise be made more acceptable in the light of the Lord.

Witness my hand and the seal of the United States which I have caused to be done at the city of Washington, this 4th day of November, in the year of our Lord, 1893, and of the independence of the United States of America, the 121st.

GROVER CLEVELAND.

By the president.  
RICHARD OLNEY, Secretary of State.

## Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
